

## The Genesis

*"Power to new beginnings"*

**Project Tester:** UI Testability Review – Sprint 2

**Project:** Spaza Shop Regulatory & Management System (SSRMS)

**Prepared for:** The Genesis Project

---

This document evaluates the testability of the wireframes and UI flows designed.

Screens Reviewed:

Screen Name	Description	Key Actions Tested
Homepage	Landing screen with navigation	Register, Login, Contact Us
Shop Registration	Form for shop owners	Input details, Submit button
Complaint Submission	Customer complaint form	Fill form, Upload file, Submit
Dashboard (Admin)	Admin view for shop listings	View shops, Approve, Reject

Testability Issues Found:

Screen	Issue Description	Impact Level (High/Med/Low)	Suggested Fix

## Testing Requirements & Acceptance Criteria:

### Feature: Shop Registration Form

Requirement	Description	Acceptance Criteria
Input validation	All fields must be validated	Error messages shown if fields are empty or invalid
Successful Submission	Form sends data to backend	User sees confirmation screen or message
File Upload	Allows uploading shop license photo	Upload completes and file preview appears

### Complaint Form

Requirement	Description	Acceptance Criteria
Anonymity Option	User can report without name	Optional fields and submission allowed
Email Notification	Admins notified of new report	Notification sent to system admin
